The General membership meeting was called to order by Commodore Dave Hubbe,

New Members: None

Secretary: No report at this time

Treasure: Report was read and put on file. Bills were Ok'd for payment. We will be paying part of the loan off.

Correspondence: None

Committee Reports:

Docks – Pat Iwanicki, Chad Cole We are looking into getting 6 or 8 new docks. There was discussion on the repair of the East seawall.

Building – Chris Grove, Dave Janka Marty Sadnick The west side of the club house still need repair. If you are looking for work hours, here they are. Date for club cleaning will be posted.

Social – Marty Sadnick, Chad Cole, Dave Hubbe Winter Games are Feb 25—27 in Peoria The 2011 Event Calendar is posted on the wall. We also have give-aways for the NASCAR races

Yard— Dave Janka, Dale Janka No report

Equipment – Tim Himes, Chad Cole No Report

Kitchen – Pat Iwanicki, Bob Schultz There were three bids to run the kitchen for this up coming boating season. One from Angelo's from Spring Valley, one from Carters 3B's in Spring Valley and one from Neal Brown. A vote from the membership gave the bid to Angelo's of Spring Valley. There was discussion on fixing the kitchen with new floor and new Grease Trap. Pat Iwanicki had a lead on a Walk-in Freezer and cooler. It was moved to have Pat secure this for the club. The equipment must be moved around March 17,18,19. Keep an eye on the board, we will need help to get the equipment out of the building. We have a bid for the new floor of around \$2400.00

Bar – Dan Croissant, Bob Schultz Bar report was read and put on file. The bar is doing very well.

Gas Dock – Dab Croissant, Tim Himes No report

Security—Chris Grove Dale Janka No report

Harbor Master—Mark Gress, Dave Hubbe No report

Article V Section B Add-or Have a Vote on anything pertaining to docks

SAFETY SIDE

Be Aware of Carbon Monoxide

All boat engines produce Carbon Monoxide (CO)—an odorless, colorless, poisonous gas that can kill you in a matter of minutes. Boaters are killed every year because of improper cabin ventilation, poorly maintained equipment, and careless behavior. You do not have to be inside the boat to be at risk. Boaters have died from exposure on the swim platforms of their boats and in other areas where CO exhaust may accumulate or be emitted. Be aware of the early symptoms (irritated eyes, headache, nausea, weakness, and dizziness). Use CO detectors on your boat and stay off the swim platform when the engine (or generators) are running.

Stay Sober While Boating

It's dangerous to operate a boat when drinking. Operating a boat under the influence of alcohol or drugs is illegal in all states and is a violation of Federal law. An operator with a blood alcohol content about .08

(equivalent to consuming five beers in one hour for the average 180-lb. male) – is ten times more likely to die in a boating accident than an operator with zero blood alcohol level.

Get Your Boat Checked

The Coast Guard Auxiliary offer a free Vessel Safety Check (VSC). Contact Jim Plunket 630-659-9568 to set up an appointment for your Free Vessel Safety check.

WINTER GAMES

**FEBRUARY 25, 26, 27,
2011**
